

IP65 Image Projector PH-750

FEATURES

- Smooth lens design avoid the dust and leaf's deposition.
- Efficient cooling system.
- Clear image projection
- Intact animation pan can make the effect easy vivid.
- 5 layers of versatile dynamic effects (colors, CMY,gobo projection, animation, prisms/frost)

TECHNICAL SPECIFICATION

- Light source: 350W Cool white LED module
- Electronic zoom: 8-40°
- Control: DMX512/RDM, plus onboard control with OLED display
- Natural convection
- Rotation Color wheel: 7 color wheels+ open+ CMY.
- Rotation Gobo wheel: 7 gobo wheels+ open, plus gobo shake function.
- Rotation Prism Pan: 3 prism
- Frost: 1 frost filter, motorized variable
- Focus: Motorized focus
- Animation pan: 1 intact rotation animation pan
- Dimmer:0-100% 16bit dimming
- Color temprture: 8000K

The luminaire is equipped with intelligent zoom electronic system;

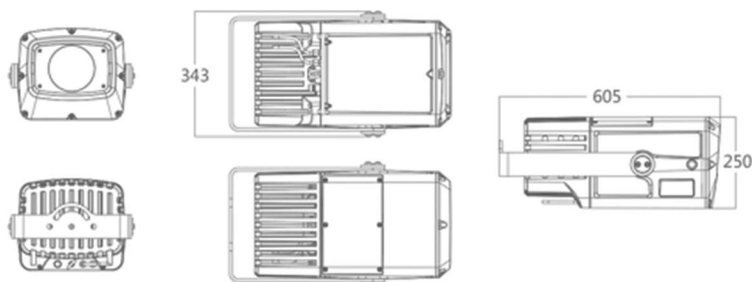

8-40 ° can be linearly adjusted.

Focusing smoothly, and precisely in control.

Built-in rotatable Gobo wheel and dynamic effects wheel, prism and other functions, it can achieve a wealth of dynamic pattern simulation effect.

It's widely used in theme parks, playgrounds, Commercial complex, commercial plazas, architectural buildings, outdoor performances and other large and medium-sized venues.
